CAMP CONTENT

The Summer Kyusho Camp offers all martial arts and combat sports enthusiasts an intensive insight into the world of vital points. Each training block will focus on the Kyusho International curriculum, following a chronological structure to give participants a comprehensive overview of the location and activation of vital points on the human body. Important segments of Kyusho principles will be covered, and all vital points will be demonstrated within self-defense techniques, including applications in disadvantaged positions.

The camp is suitable for advanced practitioners, beginners, or anyone looking to broaden their knowledge of vital points. It will feature demonstrations and practical training.
